

**Panel Title: Control Challenges: Control Strategies to Optimize Propulsion Efficiency**

**Thursday, September 8, 2011, 10:45 AM – 12:00 Noon**

**Panel Moderator:** Dale Glubrecht, Remy Electric Motors

**Panelists:** Brad Landseadel, Power and Control Design  
Sean Stanley, Bright Automotive Engineering Solutions  
Larry Rinehart or Chris Brune, Rinehart Motion Systems

**Panel Summary:** This panel will discuss various methods used to optimize powertrains and overall efficiency from system and component viewpoints as well as high performance competition and everyday driving perspectives.
